1. Applicant Certifications

A. General Conditions

- A. The Applicant hereby certifies, under the penalty of perjury, compliance with the following terms and conditions: ☒
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
 2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
 3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
 4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
 5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
 6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

B. Programmatic Conditions

B. The Applicant must describe the following programmatic conditions:

1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:

This program will provide a maintained OHV system, OHV maps, maintenance of barriers, signs and OHV facilities. The funds requested for this project are essential to provide safe and responsible use to reduce conflicts with non motorized users, private property owners, and protecting natural and cultural resources thereby reducing soil erosion, loss of vegetation, loss of wildlife habitat, and degradation of water quality. The Angeles National Forest (ANF) covers 70% of the open space in Los Angeles County with a population of over 11 million. This large population base results in very high use of the Off Highway Vehicle (OHV) where most of these users are new to the sport and are looking for areas close to the Los Angeles to use their OHV's. and many are unaware of state and federal laws on OHV use. The ANF has developed 270 Miles of OHV routes and 140 acres of open riding areas for OHV users.
2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

The district utilizes forest employees, volunteers and state inmates to accomplish operation and maintenance (O&M) needs. The forest employees survey the facilities on scheduled timeframes to identify the needs for maintenance such as: sign repairs and replacement, trash removal, restroom cleaning, painting, minor barrier repairs, hazard fuel reduction and public information.

C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). (Please select Yes or No)

The staff also regularly attends OHV user trade shows such as the Off Road Expo and the International Motorcycle Show, community events with the Los Angeles County Sheriffs Department at the local mall in the town of Valencia, attending local parades in towns such as Acton and Lake Hughes and providing maps and Tread Lightly information at all events. The staff works with local OHV dealers by providing sound testing for OHV users to correct non compliant vehicles prior to visiting the ANF thereby reducing conflicts with non motorized users and private property owners. The staff also maintains informational, directional and regulatory signs as needed to provide the greatest opportunity so the OHV user can be compliant in the rules and regulations. The users are also given information as to where they might acquire the proper equipment to meet the sound standards. A log of the sound test results is available at the Santa Clara/Mojave Rivers Ranger District office. Sound testing is also provided at local motorcycle dealerships thereby enabling OHV users to correct the non compliant sound levels of their vehicles prior to visiting the ANF.
